

## My Life

Catch me if you can  
I'm too quick  
*I'm on to you*  
but you don't know my tricks  
I've got stuff up my sleeve  
A whole lot more than you  
A magic show of blanket truths  
I'm never ever coming back

Got my favorite shoes  
Got my favorite jeans  
Think I'm ready now to face my life  
I'm holding on so tight  
I cannot seem to find my life

Spin around my lamb  
Hocus pocus  
*(I'm on to you)*  
Gonna get my kicks yeah  
Smoke will clear and then you'll see  
I'm a mystery  
Houdini I will never be

Got my favorite shoes  
Got my favorite jeans  
Think I'm ready now to face my life  
I'm holding on so tight  
I cannot seem to find my life

Life – Where's my life?  
I found it in the back seat of your car and  
Even then if we go that far  
It's a mile for your taking
