

Mr. Intangillo

Please Mr. Intangibillo
An elusive fellow
All the words of love you saved
For one you couldn't seem to please

Mr. Intangibillo
An angelic fellow
Highly undeserving is the one
You run from
Or so she seems to think

Please Mr. Intangibillo
She washed her pretty memories
In flames of secrets past and

Please Mr. Intangibillo
Its wider than the big blue sky
That she hides her eyes behind
You're wise enough to know
She doesn't want to be alone

Please Mr. Intangibillo
She washed her pretty memories
In flames of secrets past...
You're wise enough to know
She doesn't want to go alone again

Please Mr. Intangibillo
An attentive fellow
She's sorry for the casualties
She caused you to defend

Mr. Intangibillo
An angelic fellow
All the words of love she saved
For one who brought her to her knees
